CATALINA 30

Every inch of the Catalina 30 exudes premium Chris-Craft quality. It's elegant profile with a Deep-V hull, and a wide, flaring bow provide exceptional stability, generous deck space, and a protected, dry ride for everyone aboard.

The Pilot House top provides shade and protection from the elements while at the helm. Its sculpted styling eliminates the need for multiple supports, providing unobstructed movement around the deck. For additional sun coverage, the extendible sunshade slides aft with the push of a button.

A comfortable cabin with a berth is accessible via a large portside door in the console. A convenient electric head make longer stays on the water possible.

Aft U-shaped seating is convertible and stows completely out of site.

The helm is equipped with a Garmin screen that integrates engine functions, stereo functions and all navigation needs. Joystick steering and docking control make this stunning model easy to maneuver. The dual captain's chairs at the helm are equipped with folding armrests and thigh bolsters.

With its exceptional performance, unique design and classic styling, the Catalina 30 is the perfect boat for quick excursions or relaxing weekends on the water.
